**RENTAL BY LAWS:**

- Any driver with no or little experience in racing may be asked to start at the rear of the field in every portion of the nights events.
- Any driver not displaying an ability to control the car during hot laps and heat races will not be allowed to run the feature. “No” money will be returned in this scenario.
- In the event of mechanical failure throughout the racing event excluding hot laps will be considered a full night of racing and no money will be refunded. Failure in hot laps will result in a full refund of driver’s money other than failure due to a crash.
- Rough Driving: Damage incurred by intentional rough driving during a racing event will be paid for by the driver. All repair costs will be the responsibility of the driver renting the car. The name “Phil’s Rent-a-Wreck” is nothing more than a catchy phrase. We are not renting a car for demolition derby.
- All monies for feature finishing position will be awarded to the owner of the car. There is no financial compensation for any racer renting the car.
- Understand that anybody entering the Pits and a race car must sign a Waiver of Liability. ACR will in no way be responsible for the health and well-being of the racer while in the car or at the location of Atchison County Raceway.
- Any night requested will only be held once your check of \$130.00 has cleared and or your cash has been delivered to qualified personnel at ACR.
- Monies will only be refunded to the racer in the event of a rain out on their night. In addition there is no guarantee of another night being available throughout the season.

NOTE: The car is outfitted with a 17” seat. We simply don’t have the seats or time to switch out continuously. Be sure you can fit the seat before you send in your money to reserve your night. Once you have reserved a night it is non-refundable other than a rain out or mechanical failure in hot laps.

I have read, understand, and agree to all the By Laws in renting a car for a night of racing at ACR, by signing I also agree to abide by all of ACR’s General Rules while participating in my night of racing.
